## Peru & Bolivia

Travel well off of the beaten path as you walk in the footsteps of Inca emperors and reveal remote Amazonian wonders untouched by the hands of time.

Go

From city to city and region to region, every destination holds a unique appeal. Go where your dreams lead you, with help from these expert recommendations.

## Lima

Set on a towering bluff overlooking the Pacific, Lima affords a living, breathing study in diversity. The city's architecture, history and culture span Incan, colonial and contemporary international influences. A mild coastal climate complements Lima's endless variety of attractions — inviting visitors to retrace the steps of the conquistadors, savor a plate of ocean-fresh ceviche and sip an expertly mixed pisco sour.

## The Amazon Basin

Encompassing the world's largest river and rainforest, the Amazon basin spans nearly 40 percent of the South American continent. Those who cruise its namesake river embark on a legendary journey into a vast and unspoiled ecosystem teeming with dolphins, piranha, toucans and monkeys. The basin is also home to several indigenous tribes, some remaining largely isolated from the outside world.

## Cusco & the Sacred Valley

The former Incan capital and Spanish colonial outpost of Cusco sits perched 11,200 feet in the Andes, affording a vibrant urban gateway to the pastoral Sacred Valley that lies below. Cusco beckons visitors to take in its historic Plaza de Armas and splendid cathedral before heading down to explore the valley, a riverside oasis of villages, ruins and farms flanked by terraced Andean mountainsides.

## Uyuni

Set in Bolivia's southwest corner, the desert outpost of Uyuni affords a welcome oasis among the hauntingly beautiful moonscape that surrounds it. The small town is known for its warm, hospitable locals and easy access to the awe-inspiring vastness of the Salar de Uyuni (Uyuni Salt Flats).

## La Paz

Nestled across a gaping Andean canyon some 13,000 feet above sea level, La Paz boasts the highest elevation of any capital city in the world. This mountain metropolis welcomes guests to wander its winding lanes, stroll its curious market stalls and take in its colonial architecture.

## Lake Titicaca

Lake Titicaca's massive size, eerie stillness and piercing blue hue complement a rich history dating back to the early, pre-Incan hill tribes who still call these shores home. Timeworn cathedrals look out over hand-harvested fields while towering Andean peaks rise over the horizon.

See

In every corner of the globe, there are places that reveal the distinctive heritage and cultural vision of your destination. See the ones you'll cherish forever.

### Machu Picchu Citadel

Overlooking the Urubamba River from its remote Andean perch, this 500-year-old citadel still holds the secret of its passing. Retrace the footsteps of Inca emperors, learning the theories that may one day reveal the truth behind this stunning and mysterious wonder of the world.

### Kuelap Fortress

Fascinating Kuelap in Peru's remote Chachapoyas region is a massive stone settlement far less visited than Machu Picchu that is emerging as a destination in its own right. Begun in the fifth century AD, it was built by the "Warriors of the Clouds," whose culture predated the Incas by centuries.

### Isla Pescado

Isolated on the windswept barrens of the Uyuni Salt Flats, the oasis of Isla Pescado (Fish Island) rises from the dried-up seabed of this ancient lake. Take in this singularly alien landscape of cacti and rocky outcroppings set against the vast backdrop of the arid salt flats.

### Tiwanaku Islands

The ruins of the ancient Tiwanaku culture in western Bolivia have stood for well over 1,600 years. Located, in part, on islands in Lake Titicaca, they include carved statues, temples, astrological gates and imposing walls constructed from huge stones, in the mortarless style of Sacsayhuaman.

## Do

Immerse yourself in local life, enjoying activities selected just for you by A&K. Discover all you can do with true insider access.

### Hike or Climb Above Machu Picchu

While exploring Machu Picchu offers you plenty of exercise, there are even bigger challenges close at hand, including a long, slowly inclined hike up to Inti Punku (the Sun Gate) on the ridge overlooking the citadel or the steep trek up towering Huayna Picchu with its bird's-eye view of the area.

### Meet the Kallawayas

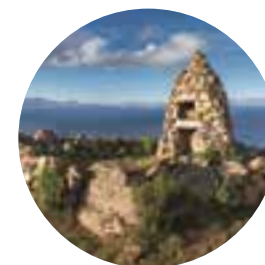

Consult with the Kallawayas, traditional healers of the Bolivian Andes. These direct descendants of Tiwanaku culture offer blessings and answer questions by casting sacred coca leaves.

### Cruise Lake Titicaca to Sun Island

Board a sleek vessel for a cruise across the crystal-blue waters of Lake Titicaca to arrive at Isla del Sol (Sun Island), one of the Inca's most sacred places. Walk among its many ruins and taste the waters of its sacred fountain, which legend holds can grant eternal youth.

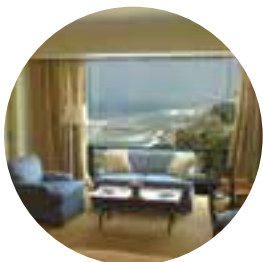

### Taste Lima's Local Flavors

Join a local chef to source ingredients from the stalls of a nearby market. Head to your chef's private kitchen to learn the secrets of an authentic regional dish. After a private tour of the neighborhood, sit down to enjoy your meal with a pisco sour in hand.

## Stay

Our established preferred relationships with only the finest properties let you choose your accommodations with confidence.
